- Develop a monthly Legislative Forum where Members can dialogue with a local Mayor, city council member, county commissioner or C.A.R. staffer
- Make available guidelines on the role of the GAD and volunteers in tracking and affecting outcomes on legislative and regulatory initiatives
- Continue to promote and protect private property rights

ADAPTING TO AN EVOLVING INDUSTRY

- Take the lead in shared services discussions
- Follow with CCRMLS discussions to formalize its structure under a central Board of Directors
- Work on Broker/Agent Skills through back-to-basics and business skills
- Work on Internal Procedures
- Meeting Management
- Leadership recruitment and training
- Code of Ethics Enforcement
- Investigate and enhance non-dues sources of income

Next Steps

Actions to accomplish these Major Goals are detailed in a Business Plan. Each year, actions need to be prioritized. Then staff time, the availability of volunteers and financial assets need to be realistically allocated. The annual budget becomes the other major management tool for allocating resources and tracking programs.

Committees Needed to Accomplish the Plan

Committee Members agreed on the following volunteer structure of the Association:

- Cultural Diversity
- Education
- MLS
- LGR
- Professional Standards
- Grievance
- Finance (Current and Immediate Past Presidents and Treasurers)
- Technology (new)
- Public Relations
- Events (Community Service)
- Young Professionals (new)
- Legislative Forum (new)

Focus of the Association as a Trade Organization-

Committee Members concurred that the Association is a Trade organization dedicated to helping its Members succeed in business while protecting private property rights.

Aspects of the Association that resemble a Service organization need to be kept in perspective during the term of this plan. The allocation of human and financial resources to community involvement must be made with the understanding that a business return is needed in the form of REALTOR® image enhancement.
